

**We are** a fast-growing, innovative company near Hamburg Airport - founded by two industry experts and well-funded. Our goal is to create the leading digital B2B automotive platform in Europe. To achieve this goal, we rely on a motivated and competent team and the latest technologies and methods.

**We offer** a modern and innovative working environment, great flexibility and a strong focus on common goals and technical responsibility. Sustainable teamwork is important to us. A family- and career-friendly environment, ongoing training and education is part of our philosophy, as well as cool team events. We are looking for you as

## **Product Owner (m/f/d)**

### **Full-time or part-time**

#### **This is your job:**

- You are responsible for the complete range of product development - strategic, tactical and operational.
- You will operationalize our vision in user stories and tasks and develop an exceptional customer experience.
- You will work closely with the management and sales and take over the work preparation for the development team.
- You design communication processes with the goal of high productivity, quality, and employee satisfaction.
- You take responsibility in a growing company and develop your own products on the platform.

#### **Ideally you have:**

- A degree in one of the fields: computer science, economics, or business administration
- Very good written and spoken English and German skills
- Several years of professional experience as a product manager, project manager or product owner, ideally for agile development teams
- Ability to simplify complex issues
- Enthusiasm for digital products and sound experience in the use of methods such as Scrum, Kanban, Design Thinking
- Experience in demonstrating solutions in customer workshops
- Assertiveness and strong communication skills

We look forward to receiving your application with CV and outline of your skills to [jobs@yoma-solutions.de](mailto:jobs@yoma-solutions.de).
